Directors of Roads

Information about CEDR

CEDR:
Conference of **E**uropean
Directors of **R**oads

Located in Paris

CEDR - organisation

Goals – TD Construction

- Contribute to the efforts deployed by standardisation bodies to establish and update modern standards in line with the objectives of the NRA's;
- Facilitate the individual use of new standards;
- Monitor the European lawmaking;
- Take appropriate action on EU directives;
- Develop and share knowledge on a sustainable infrastructure.

Goals – Task 7

- Exchange knowledge about effectiveness, price (construction and maintenance) of mitigation and compensatory measures as well as avoidance questions;
 - Discuss ‘best practice’ within planning and maintaining transport infrastructure from a “wildlife and traffic” point of view;
-

Conférence Européenne
des Directeurs des Routes
Conference of European
Directors of Roads

Goals – Task 7

- Share knowledge on the interpretation of the EU Directives in the MS;
 - Discuss how to develop and implement ecological tools in transportation planning;
 - Exchange knowledge about how to monitor the significant environmental effects
-

-
1. Analysis of what is lacking in COST 341
 2. Analyses of best practice on institutional aspects in order to secure the maximum efficiency of the measures on a short and long term basis
 3. Discussion on strategic and technical aspects of Task 7 Wildlife and traffic – recommendations to the CEDR board
-

Who is in the task group 7

- Elke Spindler (Austria)
- Marleen Moelants (Belgium, Flanders)
- Andreas Wehner-Heil (Germany)
- Jérôme Cavailhes (France)
- Hans Bekker (Netherlands)
- Erland Røsten (Norway)
- Lars Nilsson (Sweden)
- Olga Carrascal (Spain)
- Birgitte Henriksen (chairman) (Denmark)
- Marianne Ujvári (secretary) (Denmark)

Time schedule

TD Construction		Time Schedule						
Task	Description	WG	2008	2009	2010	2011	2012	2013
C1	Monitor and support the efforts for standards (Annual reports)	TG 1						
C2	Monitor the efforts for European directives (Annual report)	TG 2						
C3	Wildlife and traffic (Final report)	PG 1						
C4	Road noise (Fact sheets, final report)	PG 2						
C5	Monitor/support EU activities on Road Safety	TG3						
C6	Forgiving and self explaining roads	TG3						

WG = Working group

PG = Project group

TG = Technical group

Meeting in Stockholm with IENE – possible cooperation

1. Best Practice – Questionnaire about handbook COST 341, Results and conclusions – **Workshop: Gaps in COST 341 Handbook**
2. Institutional/Strategically Aspects – Analyse approaches on strategic, institutional level to solve conflicts between road networks and ecological networks - **Workshop: Efficient institutional systems**
